

Drainantum

Ideal for complete drainage and to combat the action of free radicals.

Quality, Efficacy, Guarantee.

WHAT IS DRAINAGE?

In phytotherapy it is the stimulation of tissue to remove toxic factors accumulated in the body, to reduce excess liquids.

WHY DRAIN THE BODY?

- to remove waste substances from the body
- to make the body more receptive to any phytotherapeutic treatments
- to treat water imbalance

Drainantum useful for:

- water retention
- heavy limbs
- varicose veins, venous and lymph stasis
- general swelling (due to liquid build up)
- swelling due to menstruation or use of oral contraceptives
- presence of oedemas
- imperfections due to cellulite
- calculi tendencies

How to use:

10 ml per day in a glass of water, preferably in the morning on an empty stomach or diluted with a litre of water during the day.

Content: 200 ml

ACTION OF INDIVIDUAL COMPONENTS

	Promotes the elimination of liquids, thanks to its strong drainage effect	Golden Rod
